Mr. Johann Oosthuizen
Depot Manager
Coleman Transport (Pty) Ltd.
2624 Moses Garoeb Street
Walvis Bay
Namibia

Dear Mr. Oosthuizen:

On behalf of the Board of Directors of the International Cyanide Management Institute (“ICMI”), I offer our congratulations on the full certification of Coleman Transport Ltd. This certification is effective October 9, 2019.

Coleman Transport Ltd. was audited before it began transporting cyanide using ICMI’s Cyanide Transportation Pre-operational Verification Protocol and was conditionally certified in October 2017. As required under the International Cyanide Management Code (the “Cyanide Code”), the operation was audited against ICMI’s operational Verification Protocol by an independent professional third-party auditor within six months of its first transport of cyanide. ICMI has received and accepted the auditor’s Detailed Audit Findings Report, which found the facility in full compliance with the Cyanide Code’s Principles and Transport Practices. Pursuant to the authorization letter, dated August 10, 2019, the Summary Audit Report and Auditor Credentials Form have been posted on the ICMI web site at www.cyanidecode.org.

Coleman Transport Ltd. must be re-audited within three years of this certification to evaluate its continuing compliance with the Cyanide Code.

Please do not hesitate to contact us should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Bateman', with a horizontal line extending to the right.

Paul Bateman
President
